

Distribution Grids Connected to the ELIA Grid Identification for Nomination Purposes

Situation until December 31st, 2024

Reminder:

- ❑ Schedules related to offtakes located into distribution grids connected to the ELIA Grid must be submitted per distribution grid.
- ❑ The EAN code (18 characters) mentioned here below is the one for the access point. Please do not mix-up with the EAN code (13 characters) used by the Distribution Grid Operators.

Introduction of load forecast nominations:

For B2B users: only the EAN code (see list below) must be completed in the field “Offtake Point”

For B2C users: the combo-box for “Offtake Point” will give the display name (see list below) and mention the EAN code

	EAN code	Global Access Point
AIEG (Association Intercommunale d'Etude et d'Exploitation d'Electricité et de Gaz)	541453179928225270	AIEG
